1 Overview

To show a modified version of QPR Portal where portal tabs, buttons and frames are hidden, and only hierarchy and content frames are visible. This modified portal is used to embed portal content inside other sites, such as Microsoft Sharepoint. Modifications are effective when additional parameters are provided in the link, and thus normal portal can be used like before, despite the customization has been installed.

2 Compatibility

Compatible with QPR 2015.1.0.

3 Installation

Apply the attached patch **Embedded QPR Portal.patch** or replace the attached three **.tpl** files, and clear portal template cache.

4 Usage

Link to the embedded QPR Portal is formed as follows: Take a link to a desired page from QPR Portal **Bookmark** button. Add possibly needed additional parameters in the end of the link. The parameters are described in the following table.

| Parameter | Description |
|------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| embedded | QPR Portal opens in an embedded mode when a link contains "&embedded=true". In the embedded mode logos, tabs and buttons are not visible. |
| hierarchyvisible | The left side hierarchy frame may be set visible or hidden by default by adding "&hierarchyvisible=true" or "&hierarchyvisible=false". |
| showgraphonly | Adding parameter "&showgraphonly=true" shows only a single measure graph in measure detail page. Also PMAIN parameter must be removed. Issue: clicking graph may lead to an undesirable page. Note. Because browser session stores all link parameters, QPR Portal may "remember" the embedded mode, even if that parameter is not provided. To show an unmodified portal, add explicitly "&embedded=false". |

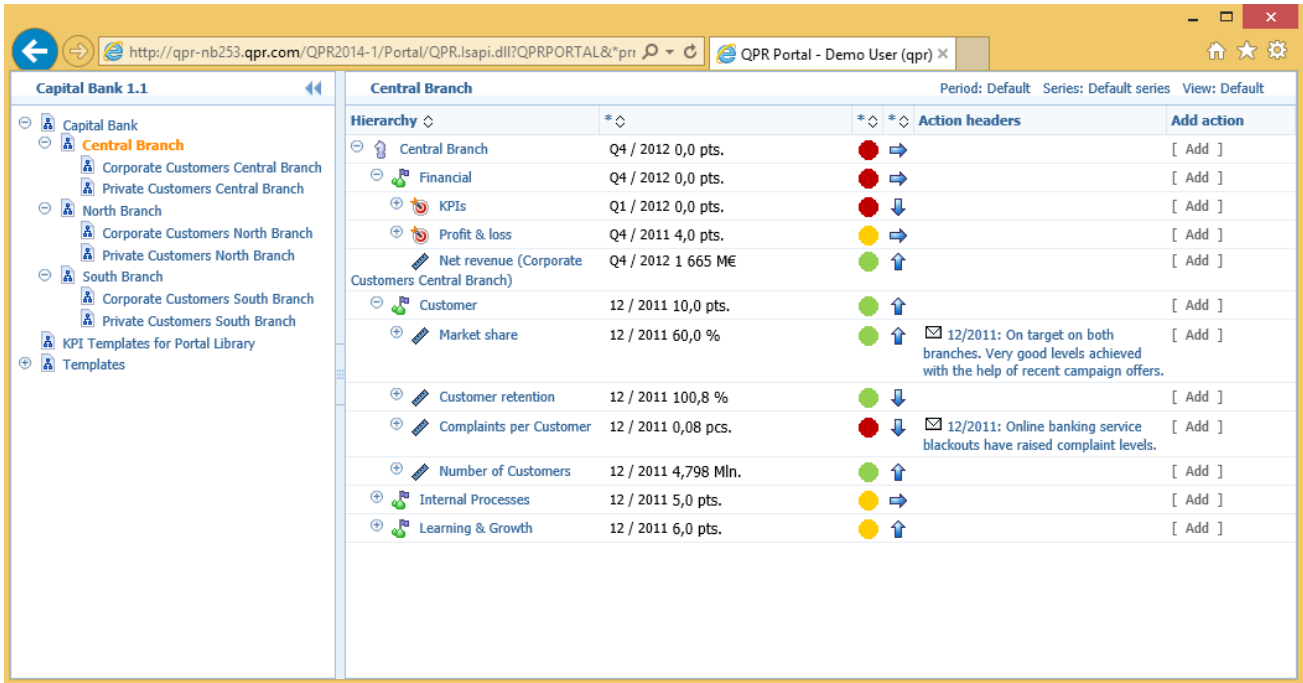

In addition the PMAIN parameter may be removed from the link to show only the content frame (information view).

5 Further development

Possibility to remove some of the buttons in top of the diagram.

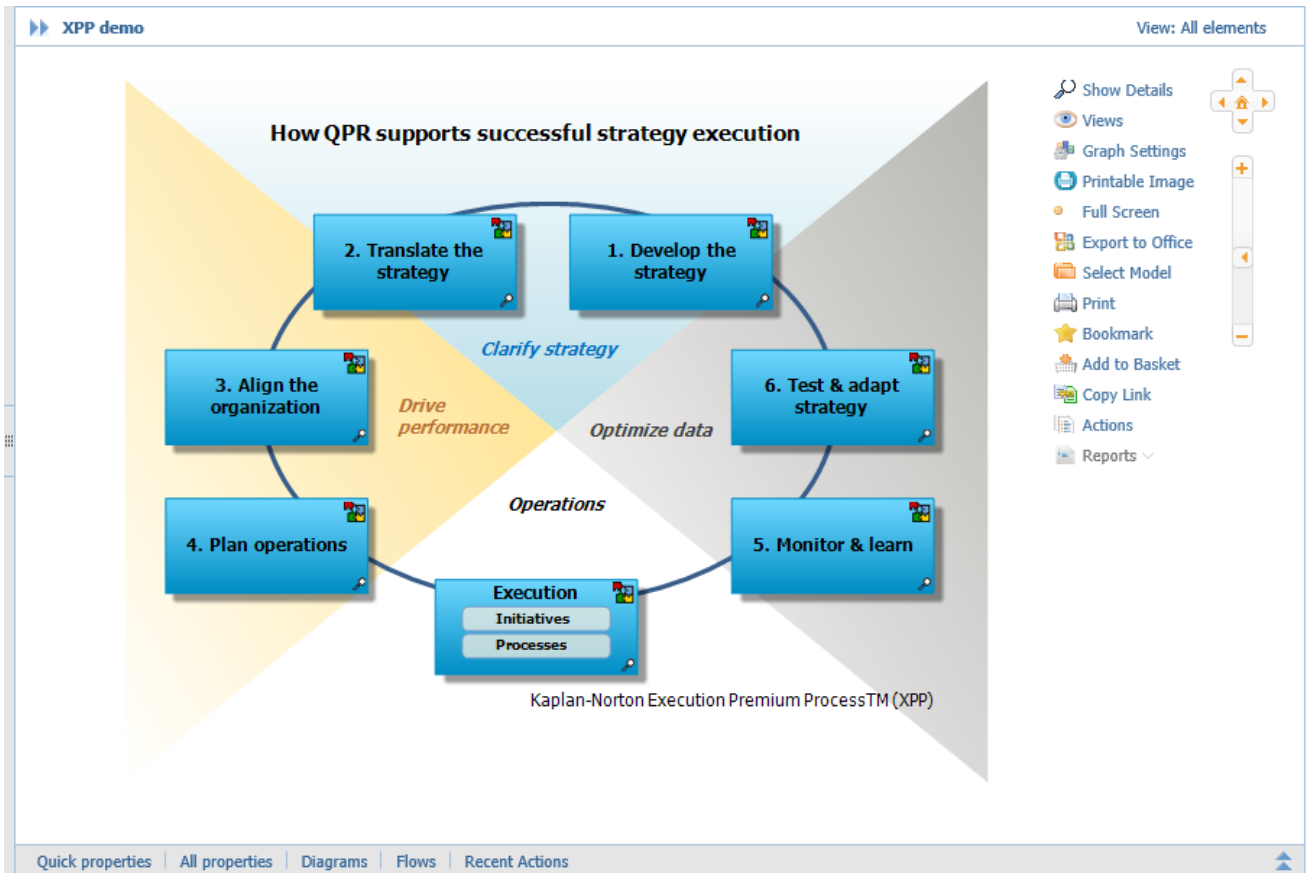

6 Examples

There are more examples available in <https://community.qpr.com/node/1664/>.

The screenshot shows the QPR Portal interface for 'Capital Bank 1.1'. The left sidebar displays a tree view of the organization structure, including 'Central Branch', 'North Branch', and 'South Branch', each with sub-entities for 'Corporate Customers' and 'Private Customers'. The main content area is titled 'Central Branch' and shows a 'Hierarchy' of KPIs. The KPIs are listed in a table with columns for 'Action headers' and 'Add action'.

| Hierarchy | *◇ | *◇ *◇ | Action headers | Add action |
|--------------------------------------------------|----------------------|-------|----------------------------------------------------------------------------------------------------------------------------------|------------|
| Central Branch | Q4 / 2012 0,0 pts. | ● → | [Add] | |
| Financial | Q4 / 2012 0,0 pts. | ● → | [Add] | |
| KPIs | Q1 / 2012 0,0 pts. | ● ↓ | [Add] | |
| Profit & loss | Q4 / 2011 4,0 pts. | ● → | [Add] | |
| Net revenue (Corporate Customers Central Branch) | Q4 / 2012 1 665 M€ | ● ↑ | [Add] | |
| Customer | 12 / 2011 10,0 pts. | ● ↑ | [Add] | |
| Market share | 12 / 2011 60,0 % | ● ↑ | <input type="checkbox"/> 12/2011: On target on both branches. Very good levels achieved with the help of recent campaign offers. | |
| Customer retention | 12 / 2011 100,8 % | ● ↓ | [Add] | |
| Complaints per Customer | 12 / 2011 0,08 pcs. | ● ↓ | <input type="checkbox"/> 12/2011: Online banking service blackouts have raised complaint levels. | |
| Number of Customers | 12 / 2011 4,798 Mln. | ● ↑ | [Add] | |
| Internal Processes | 12 / 2011 5,0 pts. | ● → | [Add] | |
| Learning & Growth | 12 / 2011 6,0 pts. | ● ↑ | [Add] | |
